CONDITION OF THE MARKETS

Rapid Advance of Prices for Wheat and Unusually Heavy Trading at Chicago.

The "Bulls" Had Things All Their Own Way Yesterday-Movement Helped by the Cash Demand, and "Bears" Rushing to Cover.

MONEY, STOCKS AND BONDS.

Ineffectual Effort to Break Prices on the New York Exchange.

NEW YORK, Aug. 14.-Money on call was easy at 212@412 per cent., the last loan being

made at 3, closing offered at 3. Prime mercantile paper, 434@612 per cent. Sterling exchange dull but steady at \$4.8412 for sixty day bills and \$4.8714 for de-

The total sales of stocks to-day were 131,-128 shares, including the following: Atchison, 11,420; Erie, 7,415; Missouri Pacific, 7,522; Northwestern, 6,200; Norfolk & Western preferred, 4,300; Northern Pacific preferred, 7.027; Oregon Transcontinental, 3,-350; Reading, 6,810; St. Paul, 18,191; Union

Pacific, 3,200. The stock market was again extremely dull, with the business almost entirely in the hands of the traders, local operators of weight, as well as outside interests, doing about nothing in the market. There was an attempt to carry yesterday's reaction still further, and in some instances fractional impressions were made upon prices, but the general effect of the effort was very disappointing, and later in the day there was a return to strength, and most stocks closed higher than last evening. The movements were in all except a half dozen stocks confined to smallest fractions, and the dealings almost throughout the entire day were barren of features of importance. The fluctuations were made entirely by the operations of the traders who were disappointed in their efforts to get prices down, and turned in to cover. First prices were within slight fractions of the closing figures of last evening, but the subsequent dealings were extremely dull, though the drift of prices was slightly downward until toward noon, when there was a general recovery, with Rock Island and Erie leading. The reports of the crops along the line of the former had much to do with the strength displayed, but the movement was without significance. Sugar Trust was weak at the opening, and opened down 1 per cent., but recovered a portion of the loss, fluctuating within a range of less than 4 per cent. A further effort was made to get the list down after 12 o'clock, and Atchison, the Chesapeake & Ohio and Northwestern were leaders in the decline, the last named losing 7 per cent. The attack died away toward delivery hour, and a covering movement was inaugurated and the ering movement was inaugurated, and the advance was helped along by renewed buying of Lake Erie & Western preferred and Delaware & Hudson, each of which suddenly arose over 1 per cent., which was retained at the close. The close was dull but firm, at close to the opening prices for most of the list. The final changes are for slight frac-tions only. Delaware & Hudson and Nor-folk & Western preferred are each up 14 per cent., and Chicago & Eastern Illi-

There was no improvement in railroad \$730,000, and the course of prices was closely in sympathy with the dealings in stocks, being heavy in the forenoon, but reacting towards the close. There were a few important final changes, and among those which are lower, Chesapeake, Ohio & Southwestern seconds lost 23s, closing at 77; Chattanooga consols, 2, at 133. Houston & Texas seconds receipts rose 2, to 123; Ohio, Indiana & Western firsts, 212, to 7412,

and seconds, 312, to 4312.

Government bonds were dull and steady.

State bonds were dull and featureless.

Closing quotations w	dull and featureless.

The Ups and Downs of the Market, with the Range in Prices of Leading Articles. CHICAGO, Aug. 14.—Future deliveries of 6.18@6.62c; November, 6.34@6.36c. wheat averaged about to higher in all of the leading home markets to-day. Cables were also higher, spot wheat in Liverpool being quoted at 12d advance, but with the demand limited, while futures were 1d higher. At this point the opening was buoyant and strong at 1920 se improvement over yesterday's closing range, and the initial trading was at the lowest prices of the session. As yesterday, the cash end of the market was relatively the strongest, August selling up 14c while December was advancing 5sc. This checked the cash buying finally, as shippers claimed to be unable to follow the advance. It is. however, the continuation of the good consumptive demand everywhere, and the constant nibbling by exporters that encourages holders, and it caused many of the "shorts" to cover outstanding contracts today. An exporting house here was re-No. 2 red to be shipped from St. Louis via New Orleans to the river Platte country. and another house with foreign connections took 80,000 bushels No. 1 hard wheat late yesterday for export direct from Duluth to Ooo bu; oats, 61,000 bu. Shipments—Flour, Scotland. There were also some for- 19,000 bris; wheat, 25,000 bu; corn, 19,000 bu; weather on the other side was less favorable. The volume of speculative trade here was large in the aggregate. The

sion to 7834@787sc and closed at 7812@785sc. or 34c higher. August was unsettled and covered a much wider range and the price covered a much wider range and the price for round lots of old No. 2 red in store was pushed up to 79c, which was more than was being paid for free-on-board lots at the same time. Vessel room was taken here to-day for 96,000 bushels of wheat. The market closed quiet and easy, with August 1½c and September 1¼c above yesterday's latest bids. Corn was moderately active and firmer. Trading was of moderate volume and fluctuations kept within narrow limits. The influences on the market were much and fluctuations kept within narrow limits. The influences on the market were much the same as yesterday, the operators of a prominent local trader having a great deal to do with the course of prices. Reports of cold and wet weather, together with the active cash demand and advance in wheat, also had a strengthening influence, and the market was firm. The speculative market opened \(\frac{1}{4}\omega^3\text{sc}\) higher than the closing prices of yesterday; was firm, and advanced \(\frac{1}{3}\omega\), eased off \(\frac{1}{4}\omega\), ruled firm, and closed \(\frac{1}{4}\omega^3\text{sc}\) higher than yesterday. Oats were fairly active and stronger, and prices advanced \(\frac{1}{4}\omega^3\text{sc}\), but extreme outside figures were not fully maintained until the close. Trading was quite active in mess pork, but prices ruled irregular, with liberal offerings early: the feeling was weak and prices \(\frac{25}{20}\) \(\frac{27\cdot{1}\cdot{2}\) lower on spot and \(\frac{12\cdot{1}\cdot{2}\) end closed steady. A moderately active trade was reported in lard. At the opening the feeling was stronger, with a fair buying by shorts and the brokers of the Eastern syndicate. Later the demand slackened, offerings were enlarged, and prices declined \(\frac{05}{20}\).07\(\frac{1}{2}\text{c}\) on the near deliveries, and the market closed rather tame. Short-ribs were active during the early part of the day, the feeling ruling comparatively steady, and prices. though slightly lower, fluctuated within a narrow range. During the latter part of the session a decline of \(\frac{07\cdot{1}{2}\omega\).10c was established, and the market closed tame. The leading futures ranged as follows: The influences on the market were much

MINNEAPOLIS, Aug. 14.—The receipts of wheat here were 48 car-loads, and 45 car-loads were shipped out. To-day's trade was an improvement on yesterday's dull market, and the feeling was firmer all around except for some of the old mixed wheat. For that the demand continues very limited, and even the fresh receipts of old wheat were not sought after with so much alacrity. There was better inquiry for new wheat, and the 12 car-loads offered were about all sold at prices that ranged as high as on the day before. Millers seem willing to take the new wheat now as fast as it arrives, but still refuse to wheat now as fast as it arrives, but still refuse to bid within several cents of the selling price for the grain to arrive. Trade Moderately Active, with but Few Fluctuations in Values. INDIANAPOLIS, Aug. 14.

INDIANAPOLIS MARKETS.

In most departments there was a moderate trade in progress, yet there is some improvement over last week. Especially is this true with the dry goods men and druggists. In dry goods firm prices prevail, and a number of buyers were in, looking over fall stocks. Druggists are having an unusually good trade, and firm prices rule on most articles. The hardware men, as well, are quite busy. Grocers report trade fair. Indications are for higher prices for coffees, and lower prices for sugar. Produce men are well supplied with the fruits and vegetables of the season, and prices rule steady. Indiana peaches, of good quality, are coming on to the market, and choice fruit sold to-day at \$1 per box; some inferior stock sold as low as 35 cents a box. lrish potatoes are plenty at \$1 per barrel. Sweet potatoes are in light supply, and good stock is worth \$5 a barrel. The poultry marked is somewhat flat, prices ruling weak. Eggs are scarce, and readily bring our quotations. Receipts of butter are light; prices firm. Other markets are feat-
